Analysts Paint a Picture of Huawei's Rise at China Summit
2021/07/20

Associate Editor Diana Goovaerts is in China this week for the Huawei Global Analyst Summit. She'll be bringing back news and insights throughout the week, covering Huawei's work on Internet of Things, wireless, and telco. The event brings analysts from across the world to Shenzhen, and we've collected some of the conversations on Twitter from the beginning of the summit. This article may be updated as the event continues. Follow @diamariesbeat for more updates. Huawei is currently working on high-end smartphones with a much-hyped 12 mp dual-lens camera, as well as working on building relationships in the global telecommunications market. They're also pursuing faster optical communications and competing with Apple in the mobile payment segment in China.
